Walsall

Your review September 2023

Our Engagement

We attended over 61 events out in the various communities of Walsall and engaged with 371 people.

We have 3,109 Social media followers across our various social media platforms. We held 4 online events.

We had 786 visitors to our website and 3,500 page views.

Issues and themes for August

Parents experience of visiting Walsall Manor Hospital New Emergency Care Centre. Felt staff were rude and unhelpful.

Resident needed Mental Health Support. Shared support and treatment organisations.

Deaf patients have great difficulty booking BSL interpreters for GP appointments, asked to do so via Hospital. Negative experience of deaf patient at Walsall Manor Hospital around communication, treatment and care.

Waiting times to access
CAMHS assessments and
services expressed as long by
parent.

Patient compliment to the Walsall Manor Hospital Cardiology department and surgery around treatment and care.

Get involved... take part in our surveys

We have a number of projects we are currently working on which you may be able to offer important feedback. From your, your family and friends experiences.

Please share, so that we can gather as much information as possible. We will publish our findings in a public report and recognise good working practice and identify any need for service change/improvement

NHS 111 work project

NHS 111 triages peoples medical needs to enable them to access the appropriate services, or to provide advice on self-care where relevant. We want to know if this process is working for you, and understand your experiences of using the service.

To take part in a short questionnaire **Click Here**

The Accessible Information Standard

This survey is part of a campaign to make people aware of the Accessible Information Standard. The Accessible Information Standard is a law that says all health and care services have to: communicate in different ways for people with different needs and provide information that is clear and easy for people to understand.

To take part in a short questionnaire **Click Here**

Long COVID work project

We were not sure how 'long COVID' suffering Walsall patients were supported by Walsall services so we decided to take a look and encourage those patients or relatives and carers to share their experiences of long COVID support. This is an opportunity to find out what's out there? What works? and What extra support, if any? is needed.

NHS dental care/treatment work project

Healthwatch Walsall wants to know if dental patients are still getting NHS treatment and care? We are also looking to find out what people who cannot access NHS dentistry are doing to meet their dental needs and if this was affected by the recent rise in NHS dental care pricing. Please take part in this short survey if you have recently tried to access Walsall NHS dental care. We want to hear from you and thank you for taking the time to participate.

To take part in a short questionnaire Click Here

Access to Walsall Maternity, Neonatal and Post-Natal Care for Black and Asian Women

Healthwatch Walsall want to speak to women from Black and Asian backgrounds. We want services to be more accessible, inclusive and for service users to have the highest quality of care. By taking part in this survey you can tell us what could be better and what works well.

To take part in a short survey **Click Here**

We can send paper copies if you wish or we can assist if you would like to take part over the telephone. Call 0800 470 1660.

Our projects data are analysed and a report is drawn up and shared with service providers, service commissioners and of course you the public.

To view or download any of our reports then visit our website 24/7 Link: https://tinyurl.com/5n6zyxwd
